

SoundLines presents

Beyond The Glass : Poetry about Presence

Canterbury's Beaney House of Art and Knowledge preserves & displays a fascinating collection of artefacts, ranging from household utility to holy relics.

Aided by SoundLines' poets, workshop participants will explore galleries, hunting for objects that attract their attention. Back in the Lab, we will write about the life each object may hold & whether its past resonates with our own present.

After developing their pieces, participants have the chance to share their work in our Open Mic & as a reward, enjoy a themed SoundLines' performance.

Please note: Throughout the event there will be opportunities for refreshment breaks in the excellent, Beaney Cafe.

Saturday 17th of June 2017 : 10.30 - 14.30
